## Mary's Gardening Corner

If you haven't been to your local greenhouse, it's time to check them out. My favorite plant is called Dragon Wing Begonia. It likes morning sun or semi shade. It grows 18" tall, has a mounding habit, blooms pink or red, has bright green leaves or bronze. It is low maintenance, no dead heading. I like to plant mine in a pot, but works well in the ground also. Once you've had one you'll plant it year after year.

Remember, June 7th the Garden Party on Mitchell's main street where you get a chance to support Habitat For Humanity by donating a planter or buying chances to win a planter. All for a good cause. My planter this year will be an antique hanging dust pan with a mounding coleus planted in it. See you there!

## Spring Homebuyers Seminar

We thank our guest speaker, Brent Adney from South Dakota Housing Development Authority, our local lenders, and all who attended for making our April 2019 Homebuyers Seminar another fantastic success!
